Attached for your signature are our proposed comments on S. 495, a sprawling reorganization and reform bill prompted by "Watergate." Senator Ribicoff has scheduled hearings for July 29 and 30. The Senate Government Operations Committee hopes to be in a position to report the bill to the floor in October.

We understand from the Department of Justice that the bill is in for some trouble. There is something in it that steps on everybody's toes, and there is said to be growing feeling in Congress that some of the more controversial provisions of the bill should be significantly modified or dropped all together.

In any event, Section 204 is the only provision of the bill that would have a direct impact on the Agency. Section 102 would not directly affect the Agency but could mean problem
